The screenshot shows a Windows PowerShell terminal window titled "IBM project". The window displays the installation process for the IBM Cloud CLI. It starts with a message about installing the latest PowerShell, followed by a command to download the CLI from a specific URL. The terminal output shows the current platform as Win64, the download is complete, and the installer is executed. A final message indicates the installation is complete and a restart is recommended. The terminal window is open in a file explorer window titled "IBM project" at the path "PS D:\IBM project". The taskbar at the bottom shows the date and time as 05:24 PM on 21-10-2022, along with system icons for temperature, network, and volume.
